

KNIGHTS OF THE SOUTHERN CROSS (Aust)
FIFTH NATIONAL TRIENNIAL CONFERENCE
STATEMENT

This conference has reinforced the essential and pivotal nature of the formation programme as part of each branch meeting. This enables us to be better formed and informed as Knights to fulfil God's plan for us to evangelise. Evangelisation is an opportunity for us Knights to witness, promote and defend our faith. This conference recommends the development of strategic partnerships, with men's and youth organisations, to further develop our fellowship and formation.

Everything we do should be based on the fact that the human person is made in the image and likeness of God.

Evangelisation involves the announcement of Christ, to the world, by our living witness. Being better informed on issues that affect the Christian way of life throughout the nation enables us to promote the greater glory of God through our objects.

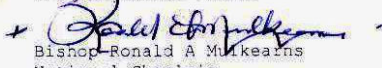

Before we can evangelise the world, we as individuals and as an Order, must be formed in our faith so that what we are proclaiming is consistent with the teaching of the Church. We recognise that when we bring Christ to others, we are evangelised ourselves.

William Peter David Lewis
Supreme Knight

David Huppatz
Retiring Supreme Knight

Jim Morrissy
Deputy Supreme Knight

Roderick Ian Mills
